## Does Your Daughter Hear Victrola Music?

The Victrola will make her a finer woman. Its doors open to her the world's best music. It brings to her own home the refining influence of Beethoven, Chopin, Verdi, Puccini—all the master composers, interpreted as only the greatest living artists know how to interpret them.

Rachmaninoff, Kreisler, Galli-Curci will elevate and ennoble her mind. The Victrola will help her on to truer ideals of life and womanhood.

We have Victor records purposely prepared for her musical education. Let us tell you how easy it is to help your children.

### Mrs. Russell's Letter.

Continued From Front Page.

of bigger clothes and more food.

It is a matter of great pride that Rockingham is so worthily represented at the University; all our boys have honorable mention and in some cases were heard murmurs of "great and remarkable talent."

Will it not be a fine thing when N. C. opens her eyes a little wider and sees a vision of another institution just as great for her young women? With standards just as high and diplomas just as much honored. It is a fine type of young woman who fights her way through our University and stands side by side with the boys on graduation day, but most of them do so because there is no other place where they can get the highest education that N. C. has to offer.

Speaking of those of foreign birth who are members of the faculty at Chapel Hill, what a fair and honest thing it is, to give these strangers a chance! Every newspaper is full of talk about "Americanization" and what does it mean but the absorption into our own nation of the elements of those that were old before ours was born? Many of these "aliens" are scholars, linguists and scientists of the highest standing; they bring to our youth the inherited culture of Europe: why should we not avail ourselves of their training and education and at the same time give them America's ideal of a fair chance to every man?

Let me say again that every citizen of N. C. ought to visit the University, see its work, know its men, suggest helpful changes, build higher on the foundations our fathers laid and dream visions of the greatest U. in the South. Why, it is a liberal education just to walk up the long paths to the stately buildings, to wander in the Arboretum, to drink deep at the college well, to read the tablets in Memorial Hall, to sit in the class rooms or lingering under the mighty oaks to watch the orderly groups of boys at work and play and make friends of the fine body of men who are giving their lives to the development of North Carolina!

### H-P Mill Items.

Mrs. Sheppard and Mrs. Sherman, two home missionary workers who have been working in our midst, have left for Wadesboro.

Master Thomas McCaskill and Walter Hughes spent the fourth in Hamlet.

Mr. S. E. Kelly leaves tomorrow, Wednesday to visit relatives in Red Springs, Raeford and Laurinburg.

Mrs. Bertha Bethune went to Ellerbe Springs Sunday.

Mr. and Mrs. Walker Mills from near Hamlet are spending this week with relatives at H. P.

Miss Sue Clark attended services at Laurel Hill Sunday.

Mrs. Maggie Sweat is visiting in Moore county this week.

Jack Kelly accompanied by his father spent the fourth on the River. We are sorry for the cat-fish as they never fail to get them.

Mrs. J. W. Smith and children are visiting the family of Mr. Bill Clarke near Hamlet today (Tuesday.)

W. L. Patterson is spending this week at Fayetteville.

Mrs. W. L. Patterson and children are visiting at Cordova this week; hope they will soon return.

We appreciated having with us Miss Pattie Hartsell of Mt. Gilead. She is a fancy seamstress and will appreciate the patronage of the people in the surrounding community. She is with the family of Mrs. Sarah Mills, near H. P. store.

## Quick, clean heat for every kind of cooking

IT is hard to appreciate the convenience and satisfaction of cooking with the New Perfection until you have actually done so.

It's a relief, especially in warm weather, to be rid of carrying coal, wood and ashes, sweeping up litter and blacking the stove. And then you don't have to "rush the fire" on baking days and heat up the kitchen. Two burners on the New Perfection will give you all the heat needed for any kind of baking. You can regulate the heat produced by each burner, warm something gently on one and roast over another in a New Perfection oven.

The long blue chimney of the

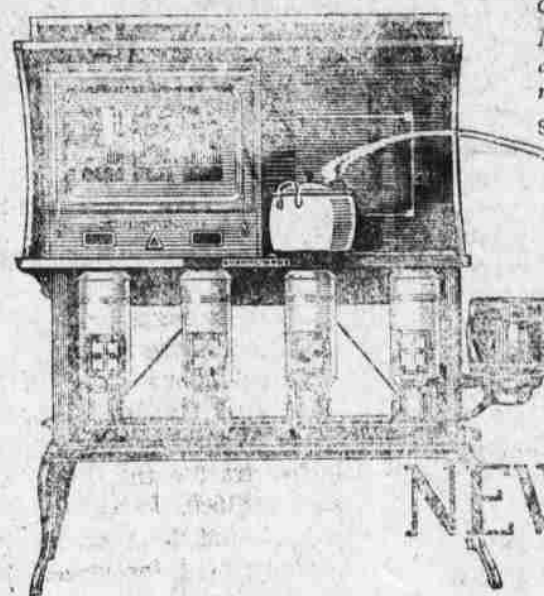

New Perfection supplies just the right draught to drive the heat of the white-tipped flame forcibly against all the cooking utensils. The white-tipped flame produces the most heat and does not soot up your kettles and pans.

The New Perfection is simple, practical, economical. Supplies heat instantly, and when you are through just shut it off and save your fuel. You don't have to watch it. No adjustments to take care of. A boy or girl can fill it and clean it.

For the most satisfactory results use Aladdin Security Oil regularly. You always find it clean and efficient.

New Perfection Oil Cook Stoves are sold at most hardware, furniture and department stores.
